Admission *information*

The YMCA of Hong Kong Christian College (YHKCC) welcomes applications from students with a wide range of backgrounds. This enriches our international community and offers vital preparation for students to join today's world.

The teacher student ratio is 1:8.5. The school uses English as the medium of instruction (EMI). Only Chinese-related subjects are taught in Chinese. The average class sizes are shown in the table below:

LEVEL	CLASS SIZE
Form 1 to Form 4	About 24-29
Form 5 to Form 6 (HKDSE & GCE)	About 17-26

Most subjects, however, are taught in smaller groups of about 20 students because classes are divided into sets.

The school does **not** participate in the HKSAR Government's Form 1 or Form 4 Secondary School Place Allocation (SSPA) System. The school admits students directly. After applicants have been interviewed, **confirmed places may be offered.**

All new students in Forms 1-4 are required to bring a MacBook for lessons.

Please refer to the School-Based Chinese Programme Information Sheet for more details.

The registration fee will be offset against the school fee for September 2023. Parents of successful Form 1 applicants will be asked to sign an undertaking declaring that their child will not participate in the Secondary School Place Allocation System.

Prior to making an application to join the school, parents of applicants are required to agree with all the terms and conditions stated in these Application Notes and the Enrollment Agreement. School places are only given to students and parents who are able to perform the following:

Students must join all school activities and camps, e.g. Pre-Form 1 Enhancement Course (if required), pre-Form 1 Summer Bridging Course (Monday 14th to Friday 25th August, 2023), Assemblies, Life-wide learning Camps, Service trips, etc. (NB. All personal information provided will only be used for admission related purposes and will be treated in strict confidence. Documents will not be returned to applicants. The personal information of unsuccessful applicants will be destroyed after one year.

School Fees *policy*

The YHKCC aims to provide an all round international style education at an affordable fee for students from Hong Kong and all over the world. The YHKCC is operated under the Direct Subsidy Scheme (DSS) and receives a subvention from the Education Bureau (EDB). The school also collects fees from parents. The subvention and school fees received from the EDB and parents respectively are used to fund a diverse range of quality educational programmes and provide excellent facilities.

Since the YHKCC is a non-profit making organization, the fee structure is determined according to the school's needs. Parents are consulted before making changes to existing school fees and the proposed changes are approved by the School Management Committee (SMC) and the EDB.

The income received by the school is used to pay staff salaries, purchase teaching and learning materials, fund student activities, maintain school facilities, and pay for utilities and other operating expenses. Any financial surplus at the end of each academic year is reinvested into the school by upgrading facilities and equipment.

Main Features of the School Fees Policy

- No Debenture or Capital Levy will be collected.
- The school fee for Form 1 students will remain unchanged for 2 years (i.e. Forms 1 to 2).
- The school fee for Form 3 students will remain unchanged for 2 years (i.e. Forms 3 to 4).
- The school fee for Form 5 (HKDSE and GCE) students will remain unchanged for 2 years (i.e. Forms 5 to 6).
- An upward school fee revision should be expected when promoting from Form 2 to Form 3 and from Form 4 to Form 5. According to past experience this increase is usually about 6-9%.
- School fees for the next academic year are usually published in October of the previous school year.
- School fees are collected by installments:-
Form 1 to Form 5 DSE & GCE: Ten installments from September to June; and
Form 6 DSE & GCE: Five installments from September to January.
- School fees are collected via Direct Debit.
- Non-local students are defined as those who require a student visa to study in Hong Kong. According to EDB policy, non-local students are not eligible for the government subsidy. Non-local students are required to pay a differential fee, which is composed of the regular school fee and an additional fee equal to the amount of government subsidy. The exact amount is subject to the EDB's announcement. Please contact the school for more information.

School Fees

Please refer to the 'Appendix I' for more information about the current school fee structure and other fees.

Payment of School Fees

A. Payment Methods

Since the collection of school fees is one of the main sources of income for the school and such funds are needed to support daily operating costs, parents are expected to be responsible and ensure that school fees are paid in a timely manner.

School fees must be paid via Direct Debit between the fifth and the tenth day of each calendar month from a designated local bank account.

The Direct Debit Authorization Form must be submitted to the school at the time the student is officially registered. The form can be downloaded from the school website or collected from the General Office.

B. Late Payment of School Fees

If the school fee is not paid on time, a reminder will be issued by phone or E-mail and a letter will be written to the parents concerned. If the school fee is overdue for more than 30 days, the school will have no choice but to consider terminating the school place and offering it to an applicant on the waiting list. If financial support is needed, parents are strongly encouraged to contact the school as soon as possible.

Fee Remission

The School Fee Remission Scheme, as operated and funded by the YHKCC, is intended to provide financial assistance for school fees for families with financial difficulties. Applicants should be parents/legal guardians of students registered and studying in the YHKCC. As a secondary school under the Direct Subsidy Scheme, the YHKCC follows the guidelines of the Education Bureau.

- At least 10% of the school's total school fee income is set aside to provide fee remission/scholarships for deserving students.
- If a DSS school charges a school fee between $\frac{2}{3}$ (two-thirds) and $2\frac{1}{3}$ (two and one-third) of the DSS unit subsidy rate, the school sets aside 50 cents for the fee remission/scholarship scheme for every additional dollar charged over and above $\frac{2}{3}$ (two-thirds) of the DSS unit subsidy rate.
- For all new applicants from 2017 / 2018, the maximum level of subsidy is 80% and 40% for Full Fee Remission and Half Fee Remission respectively, subject to the availability of funds and the number of applications.

Thus, the actual amount of subsidy available for applicants is subject to the availability of funds. The amount of subsidy may be adjusted without prior notice.

Eligibility Criteria

Applicants must be eligible for one of the following categories:

Category 1: SFO

Households which are eligible for Financial Assistance for Primary and Secondary Students provided by the Student Financial Office (SFO)

Choice of Language Learning

Students in Forms 1 learn three languages: English Language, Chinese Language and Spanish. Students in Form 2 also learn three languages: English Language, Chinese Language and French *or* Spanish. When students are promoted to Form 3, they continue to study English and Chinese.

English Language

English is the medium of instruction and is used for daily communication in the YHKCC community. The English Language curriculum consists of developing literacy skills and enhancing English Language competence through the appreciation of multi-modal texts and literature. It aims to enable students to be proficient in English and critically appreciate the beauty of all literature written in English.

Chinese Language

The Chinese Language curriculum provides students with a variety of learning opportunities to develop their Chinese literacy and appreciate Chinese literature and culture. The curriculum caters for students at different levels of Chinese proficiency.

- *Native Chinese speakers study the local Chinese Language curriculum and learn the traditional Chinese characters in Putonghua and/or Cantonese.
- #Non-Chinese Speaking Students (NCS) study the non-local Chinese Language curriculum and learn the simplified Chinese Characters in Putonghua. This tailor-made curriculum aims to help students catch up with the local Chinese Language curriculum.

All Form 1 students are required to study Chinese Language. Students are streamed according to their Chinese learning background. In addition to the Education Bureau's specific requirements regarding learning Chinese, an internal test is used to ensure that students are placed in the most suitable curriculum and receive the support they need from their teachers. As part of the admissions process, parents are required to submit relevant documents to prove their child's Chinese learning background.

For enquiries, please contact Ms. Sarah Sze, Head of Chinese, by telephone on 2988 2030 or by E-mail at sarah.sze@yhkcc.edu.hk.

Remarks:

*The local Chinese Language curriculum will be offered to

- students who studied the local Chinese language curriculum in primary school for 6 years, and
- the primary language spoken at home is Chinese.

#The non-local Chinese Language curriculum will be offered to

- students who studied elementary level Chinese in primary school (including local schools with an adapted Chinese curriculum, international schools in Hong Kong and schools overseas), or
- students who studied the local Chinese language curriculum in primary schools in Hong Kong for less than 6 years, or
- students with no foundation in Chinese language learning, and
- the primary language spoken at home is not Chinese

Third Language – French or Spanish

Besides English and Chinese, students are given an opportunity to learn a third language in Forms 1 and 2. The school offers Spanish in Form 1 and a choice between French and Spanish in Form 2. Both languages are widely spoken around the world and provide ample opportunities for students to explore and appreciate Western culture. Students who have a relevant language background or proficiency in their preferred third language may also be assessed. Once the third language has been confirmed by the school, **no** changes will be made.

New Students in Forms 3 - 6

Newly admitted students in Forms 3 and 4 are required to take English and Chinese, whereas students following the HKDSE curriculum in Forms 5 and 6 take English and either Chinese, French or Spanish as a second language. In general, newly admitted HKDSE students in Forms 5 and 6 are expected to continue with the language they studied in their previous school. Parents are required to submit relevant documents to prove their child's language learning background and the curriculum they are taking. Once the choice of second language has been confirmed by the school, **no** changes will be made.

ENROLLMENT AGREEMENT 2023 – 2024

Part I: Student

Name of Student (English): _____

I fully understand that the YMCA of Hong Kong Christian College (YHKCC) is a school founded by the YMCA of Hong Kong and is conducted under Christian principles. I also fully understand that I am expected to respect and participate in any and all school activities normally and customarily associated with a Christian secondary school. This includes participating in school assemblies and religious education classes and courses. I understand that I am expected to participate in these activities and show due respect.

As a student enrolled in the YHKCC, I pledge on my honour to do my best to live up to the school's expectations, put the five core values into practice and to behave appropriately both in and out of class. I also agree that if I break any of the rules, I will have to accept the consequences given by the school even to the degree of summary expulsion from the school.

I expressly agree to abide by the school uniform policy. I promise to wear the prescribed school uniform (including the PE/ swimming uniform) with pride. I understand that any modifications to the school uniform, including additions or subtractions that may draw attention to faith-based differences, are not permitted. I will not wear items of clothing additional to the published school uniform. I understand that if I do not wear the correct uniform to school, I may need to purchase new items from the school or return home to get changed.

I will bring my Student Handbook to school every day.

I will attend any online lessons (if required) punctually and according to the school timetable.

I agree to bring my MacBook to school every day and take full responsibility for looking after it. I understand that the MacBook is brought to school entirely at my own risk and that the school will not be responsible for any damage or loss.

I agree to use my MacBook in accordance with the YHKCC ICT Responsible Use Policy. I will only use it for academic purposes during lessons and study periods. I will use it in class only after I have obtained permission from the subject teacher. I will not use it for social networking or entertainment purposes, e.g. listening to music, watching videos, playing games, etc. I will not delete any software applications installed on my MacBook by the school.

I understand that if I do not use my MacBook in accordance with the school's expectations, it may be confiscated for a specified period of time.

I understand that I am expected to hand in my mobile phone to the class teacher every morning and collect it back at the end of the school day. I further understand that my mobile phone and SIM card will be confiscated for two weeks if I do not do this.

I have read and agree to all of the items above. *(Please ✓ the box.)*

ENROLLMENT AGREEMENT 2023 – 2024

Part II: Parent

Since the YMCA of Hong Kong Christian College (YHKCC) receives a DSS subsidy from the government, the school is bound by certain EDB regulations. The school is only permitted to offer an International Stream (GCE Advanced Level) in Forms 5 and 6 on the condition that students predominantly follow the local HKDSE curriculum. Places in the International Stream are therefore limited to a maximum of 80 students or at most 49% of the number of students in the cohort. I understand that even though my child is admitted to the school, this does not guarantee that s/he will be able to study in the International Stream. Acceptance in the International Stream depends on a combination of factors, including effort grades, academic performance in Forms 3 and 4, school reports, teacher recommendations and an interview.

Non-local children holding a student visa are not eligible to receive the government subsidy according to the EDB policy. These students will have to pay the differential full fee.

I understand that the school will try to allocate students to subjects according to their preference, but the final decision will be based on the students' academic performance and efforts at that time and the availability of places in their preferred subjects.

I will take full responsibility in ensuring that my child attends online lessons (if required) punctually and according to the school timetable. I understand that there are occasions when it may be necessary for my child to attend additional classes after school and/or during school holidays, and I consent to this.

I agree to pay reasonably for any damage to school property caused by my child's behaviour or misbehaviour at school, whether deliberately or unintentionally.

I agree that my child will join all school activities and camps (e.g. pre-Form 1 Enhancement Course (if required), pre-Form 1 Summer Bridging Course, Assemblies, Life-wide Learning Camps, Service Trips, etc.) and pay the school fees through Direct Debit from my bank account.

I understand that the school has the right to adjust fees upon EDB approval and terminate my child's school place if I do not pay the fees on time.

I understand that the school will only release my child's Report Cards, public examination result statements and certificates, graduation or attendance certificates, or any other academic documents, when any outstanding school fees have been completely settled. I agree to actively communicate with the school to settle any outstanding school fees.

I understand that the School Fee Remission Scheme, operated and funded by the YMCA of Hong Kong Christian College, is intended to help provide financial assistance for payment of school fees for families with financial difficulties. I understand that the amount of the subsidy approved depends on the amount of funding available in a particular year and that it is subject to approval by the school.

I will ensure that my child wears the correct uniform to school at all times. I understand that if my child does not wear the correct uniform to school, including the PE uniform, that s/he will need to purchase new items from the school or return home to get changed.

I acknowledge that CCTVs are installed in the school for security purposes. I give consent for the school to use images/videos for student wellbeing purposes.

ENROLLMENT AGREEMENT 2023 – 2024

Part II: Parent

I give permission to the school and the sponsoring body (YMCA of Hong Kong) to include my child in videos/photographs for the purpose of school promotion.

I understand and support the school system. I will read the school rules/regulations listed in the Student Handbook. My child will give due respect to and follow every school regulation. I give permission for the school to ask my child to write a behavioural statement when required. I will accept the consequences given by the school to my child for her/his misbehavior, even to the degree of summary expulsion from the school. I understand that serious violations may be reported to the Hong Kong Police Force.

I understand there is a Student Support Team in the school. I agree to allow my child to undergo necessary and appropriate assessments if any academic or behavioural concerns are raised by the school.

I understand and agree that the use and possession of mind-altering substances, smoking, vaping and drinking alcohol is strictly prohibited at all times, including on non-school days. I will exercise full responsibility in ensuring that my child does not engage in any of these behaviours. If my child is suspected in this regard, I agree to allow the Student Wellbeing Team to check the contents of her/his school bag, lockers and pockets, and give prior approval for the school to conduct a drug test.

I understand that I need to purchase a MacBook for my child in accordance with the school's requirements. My child will take full responsibility for looking after the MacBook and I will not hold the school responsible for any damage or loss. I will ensure that my child does not delete any software applications installed on the MacBook by the school. I understand that my child is expected to use her/his MacBook in accordance with the YHKCC ICT Responsible Use Policy.

I understand that if my child does not use her/his MacBook in accordance with the school's expectations, it may be confiscated for a specified period of time. In accordance with the personal data policy of the school and Personal Data Ordinance, I agree to have my child's personal data kept with the school even after s/he has left school, for her/his own or future employer's reference or to provide statistics/enquiries related to the school.

I understand that my child is expected to hand in her/hand mobile phone to the class teacher every morning and collect it back at the end of the school day. I further understand that the mobile phone and SIM card will be confiscated for two weeks if s/he does not do this.

I have read and agree to all of the items above. I understand and agree that the school will terminate my child's place in the YHKCC if we do not comply fully with both parts (Part I and Part II) of this Enrolment Agreement.
